EXCELLENCE IN 'ZIP-UP' ROOF SOLUTIONS

- Aluminium FM Approved FalzRipp® 'Zip-Up' Standing Seam systems can be applied to roofs or walls with no exposed fixings.
- Manufactured in 0.9 or 1.2mm aluminium with a plain mill or PVDF coloured finish.
- Standard Zip profile is 400mm wide with a 65mm upstand.
- R-Values of up to 10 (m².K/W) achievable.
- Zip sheets can be smooth curved.
- Flashings to penetrations can be welded to mitigate back flashings.
- System warranty up to 20 years

GUARANTEED TO SAVE YOU MONEY!
